Perpetual Fire Insurance Explained for the benefit of Real Estate Owners, Trustees of Churches, Schools, and other public buildings.

Perpetual Fire Insurance on Brick and Stone Buildings has been thoroughly tested by one company in Philadelphia for over one hundred years, and is now in general use in that city, and having proved to be the cheapest and best mode of Insurance, is preferred by all who examine into its merits.

Perpetual Policies do not require to be renewed, and the assured are consequently, not exposed to the loss of their insurance, as in the case of annual Term Policies. The premium paid is a deposit, which is refundable by the assured, less a deduction of five per centum on cancellation of policy.
